

## DETERGENTS PAINT AND POWDER COAT REMOVER

### Paint and Powder Coat Remover is a Detergent used in Cuda Series Aqueous Parts Washers for Removing Stubborn Paint

Paint and Powder Coat Remover is a specialized, biodegradable, alkaline stripper that is quick and effective at dissolving all types of paint and powder coatings, including epoxy finishes. It is effective for paint removal off iron and steel, but is not intended for use on aluminum, magnesium or galvanized metals.

#### DIRECTIONS FOR USE:

Use undiluted at a temperature of 100° - 110° F. Use with adequate ventilation. Do not use on aluminum, magnesium or galvanized metals.

Cuda Series detergents contain advanced formulas engineered specifically for use in aqueous parts washers. There are Cuda Series products for both automatic and manual parts washers. The Cuda Series advanced formulas include an exclusive multi-metal corrosion inhibitor package for rust-protection of all wetted surfaces.

The 90-day labor warranty for all Cuda Series parts washers is automatically extended to a 1-year labor warranty when Cuda Series detergents are used exclusively. Cuda Series parts washers are also covered by a 1-year parts warranty.
