# **Used-Oil Boilers**

At *energylogic*, a pioneer in used-oil technology since 1984, we're committed to making products that combine the highest quality parts for the best performance and least amount of maintenance. This commitment results in the lowest cost of ownership for our customers. With a patent on every major component and an innovation on every industry standard, our furnaces and boilers outperform and outlast the competition year after year. When you choose *energylogic*, you'll not only get a product that operates as reliably as a conventional furnace, but a product that requires minimal routine maintenance. Simply put, *energylogic* furnaces are built to last.

#### A COMPLETE PACKAGE

Each **energylogic** Boiler includes:

P — Indicates Patented Design

# **EL-200 B**

# **EL-375 B**

# **EL-500 B**

# **Used-Oil Boiler Model 200**
